Financial Assistance

Since its beginning, Neighborhood School has prioritized the development of the school's financial assistance fund. Each year, returning and new families are welcomed to apply for assistance if the total costs exceed a family's financial resources. Applications for assistance may be requested and responses are available within 10 days. Returning families are given priority status in the process as the school highly values multiple year participation in our program. Approximately 30% of school families receive assistance in varying amounts.
